Have you been dreaming of an OUTREMER 5X in Polynesia? She is now available in Tahiti, all taxes included! The postcard image is now within reach. Created in 1984 by Gérard Danson, OUTREMER has established itself as one of the benchmarks for blue water catamarans. A boat by sailors for sailors, OUTREMER boats stand out for their seaworthy qualities and exceptional compromise between comfort and performance. When it comes to this compromise, one model in particular stands out: the OUTREMER 5X! The brand's flagship, this 60' performance ocean cruiser with its timeless lines has made sail-lovers dream. Voted European Boat of the Year by the press in 2013, Roland Jourdain, a great sailor with an impressive track record, even chose it as the base for his We Explore project! In other words, this VPLP design has left its mark! This N°14 in the series, left the OUTREMER workshops in 2016. This beautiful 5X V2 with inverted bows sailed all the way to Polynesia, where her owners spent many happy years. Following damage to the rudders in 2022, which led to water ingress, the boat underwent a major refit between 2022 and 2023 to bring her back to near-new condition.
