Allgemeiner Kommentar commentaires généraux general comments

The Outremer 5X is a high-performance bluewater catamaran, designed by the renowned VPLP team and awarded European Yacht of the Year 2012. Known for her excellent sailing characteristics and ease of handling by a short-handed crew, she is a true masterpiece of French boatbuilding. Hull N°18 is a meticulously maintained 3-cabin owner's version, delivered in 2017 to her first and only German owners. The port hull is dedicated entirely to the owner's suite. Her carbon options include mast, davits, bimini, and forward beam. Her sails include Hydranet main and genoa, a 2023 Code D gennaker and Code Zero, and a symmetric spinnaker. Seven layers of Coppercoat, applied in 2023, protect her underwater hulls. She offers exceptional autonomy with 880Ah batteries, solar panels (4x200W + 2x300W), a Watt&Sea hydrogenerator, and a Dessalator Duo watermaker. Additional features include a 7kg Samsung washer-dryer, Starlink, 10kW Webasto diesel heating, Raymarine electronics, and dual autopilots (second from 2022). 3,60m AB Hypalon dinghy with 15hp Yamaha outboard (both 2023) are included. This Outremer 5X in top condition, there is absolutely no maintenance backlog. She just returned to the North Sea and is immediately available, berthed in the Netherlands, EU-VAT paid. The worlds best 5X, ready to be handed over to her second proud owner.

In the salon there is a folding table that can be lowered, with an inlay mattress for conversion into a large reclining area, the interior is in a very nice and well maintained condition.
