Other Yamaha waverunner jet ski. Satellite TV receiver and dome. Wempe clock, barometer and hygrometer. Lights below bathing platform

Description

Ultra-fast Italian luxury motor yacht that has seen little use since new. With her striking silver hull she not only looks fast, but she also is!
Two powerful MAN engines with Arneson Surface Drives give her a top speed of 46kts while fuel consumption is far less than with conventional drives. She is equipped with a luxury owners cabin and two guest cabins, each with ensuite bathroom. Separate skippers cabin, accessible from the aft deck. The yacht has air-conditioning throughout, satellite TV, entertainment center and a complete

Raymarine navigation suite. Docking is made easy with bow and stern thrusters, an aft camera and the easy docking mode of the engine control system. The large bathing platform, with stern garage, the aft deck and forward sun deck provide a huge entertainment area while at anchor. For some excitement a Yamaha Waverunner jet ski is on board and included in the sale. This perfectly maintained yacht is a must see, but also a must try!
