Outside helm position: electric
More info on paintwork: Metallic

The Pearlsea 56 Coupe is a revolutionary sport cruiser incorporating the latest technical and technological design solutions, propulsion and motorboat construction. Our boats are built of epoxy resins and glass fiber using the latest vacuum infusion method that, unlike traditional hand manufacture, produces greater construction rigidity, better resistance to maritime conditions and does not contaminate the environment or the production workforce. Used as a demo-yacht, only 300 engines/h, Dry docked. Good as new. Darko Tomasic, Yacht Broker, De Valk Croatia.
