Beschreibung

The "Retro Classic 8.3" although made of GRP, the design is based on the classic wooden runaboats of the 1950s. The Retro Classic boats derive their special appeal from the special airbrush paint, which gives the boats an unusual mahogany look. The paint, which consists of a total of seven layers, not only looks like real wood, it also feels like it. The result is so deceptively real that not even experts can tell right away whether the „Retro Classic“ is a GRP or mahogany yacht. The buyer can choose between different motors.
