Wheel steering: hydraulic
Emergency tiller: yes
More info on hull: The hull/deck are composite with divynycell, epoxy, foam, kevlar and carbon
More info on paintwork: Awlgrip Snow-White (2018)

"Siska" is a big super sailing catamaran. Composite built with divynycell, carbon/kevlar/epoxy and foam, very strong and stiff and very lightweight. She is a one-off design from Alexander Verheus and built by M&M Boat Builders in The Netherlands. She is in perfect condition with good techniques such as lithium batteries, smart engine with 2 hydraulic sail-drives, new sails / Raymarine equipment and a part of the standing rig renewed. Nice cockpit and interior. Always sailed by the first owner, lying in Malaysia.
