Deckhatch: Moonlight

Portholes: Moonlight aluminium

Insulation: foam

Fuel tank (litre): 160 polyethylene

Level indicator (fuel tank): yes

Freshwater tank (litre): 2 x 160 polyethylene

Level indicator (freshwater): yes

Blackwater tank (litre): 60 polyethylene

Blackwater tank extraction: deck extraction + uw line

Wheel steering: Whitlock pedestal, leather covered stainless steel wheel cable steering

Emergency tiller: yes

More info on hull: Under water hull treated with a layer of epoxy laminate in 2020

Extra info: Deck and superstructure have been professional polished in 2023

Extra info: Wrangles on hull re-laminated-2020, now much stiffer & stronger

Extra info: Wrangles loosen as result of annual GRP shrinkage (occurs often)

The refined lines and the way the bow cuts through the water make the Dufour 40 very elegant. A subtle mix of performance and cruising. The underwater hull of this Dufour 40 Performance was renewed in 2020 with an epoxy

laminate (makes the hull stiffer and free of osmosis) and the keel has also been renewed (NB not as a result of keel damage). The hull is recently painted. The standing rigging has recently been renewed. The classic deck layout makes the Dufour 40 easy to handle, even with a small crew. This fully equipped boat is ready for the new (3rd) owner & can be visited in the Netherlands.
