The classic motor yacht UIVER, was built in 1957/8 by the KOK shipyard in Vinkeveen, to a design by celebrated ship's architect Henk Tingen. Whilst retaining her original character, UIVER was comprehensively renovated in 2012-15, both structurally and mechanically, with all electrical and hydraulic systems modernised and replaced. Since 2012 she has spent every winter in conditioned storage inside, and has maintained a very good state of repair and decoration throughout. This beautiful classic can be viewed by appointment.
