More info on paintwork: The paint system on the deck needs attention.

"The Pilothouse Trawler 60 "ASLAN" is now a very nicely converted vessel that used to be a customs boat in Germany. She is beautifully rebuilt by the SRF Shipyard in the Netherlands around 2010 to a sturdy pleasure boat with excellent steering options. Has a very professional engine, excellent current energy, navigation parts, etc. She is also CVO registered and therefore comes with a lot of safety equipment set up. The interior is very nice, excellent helm-seat, wonderful and cozy heating system and a beautiful owner's sleeping cabin and also a guest cabin".
