EXTERIOR DESIGN
An excellent family cruiser, the Oceanis 31 claims its classic and timeless look.
A strong sense of security emanates from the cockpit and the ease of maneuvers.
Safety and simplicity also characterize the access to the sea through a rear door opening onto the stern.

INTERIOR DESIGN:
The choice of interior ambiance is based on a warm wood essence (Mahogany).

As a lifeboat, the Oceanis 31 offers a spacious and very practical galley, as well as a well-proportioned saloon.

Two cabins, the large aft cabin and the volume of the bathroom are appreciated.

This boat underwent a complete upgrade in a Corsican shipyard, following a grounding:
the entire process was overseen by an expert, and all the work is of quality and verified.

This boat deserves a visit and a new owner to give it the pleasure of sailing again.

LOFT SPIRIT.

The layout promotes circulation on board, and storage is optimal.

With its true private forward cabin, this version clearly marks the spaces for more privacy.
A configuration that allows comfortable accommodation for friends or children.

A boat to discover in front of the islands of Port Cros and Porquerolles.
