MANUFACTURER'S COMMENTS: The Corsair 28 perfectly blends beauty, comfort, and performance. The long, low, covered foredeck enhances the driver's visibility while offering a spacious and bright cabin below. In its seemingly compact form, the Corsair can easily accommodate 10 people for day trips or weekend adventures. And with its exhilarating power, it arrives with style and speed. MANUFACTURER'S HISTORY: Crafted with the same passion and dedication as 146 years ago, Chris-Craft boats continue to captivate enthusiasts.
