Beschreibung

This 1973 Grand Banks 50 is owned by a passionate owner who is reluctantly selling it.

Numerous upgrades have been done (engine replacement, teak work, structural improvements, electrical work, varnishing, canvas, etc.). It is a very comfortable and family-friendly vessel used throughout the year. It has 4 cabins, 1 convertible sofa in the salon, and 1 berth in the pilothouse, totaling 11 berths.

American Marine Ltd, along with Grand Banks, was the pioneer of pleasure trawlers. Cruising and living aboard a Grand Banks offer a unique experience. Powered by Ford Lehman engines, a Grand Banks provides great autonomy at speeds below 10 knots, which can reach up to 20 knots. It also offers a significant living space to its crew while ensuring a high level of comfort.
