 Tiefgang: m  
 Motortyp: 2 x Nanni  
 Motoranzahl: 2  
 PS/kW: 860 / 633  
 Betriebsstunden: 1937  
 Kraftstoff: 2500 l  
 WC/Nasszelle: 0

## Ausstattungen

## Beschreibung

**This remarkable long-distance boat is designed by the renowned Joubert / Nivelt firm and built by the META shipyard using a thick aluminum alloy called STRONGAL.**

This trawler offers exceptional performance, allowing you to travel safely wherever you wish to go. With an impressive range of 3500 nautical miles, it is as comfortable on rivers as it is on the high seas, with no limits on the destinations to explore.

The latest appraisal requested by the insurance values the boat at 190,000 euros.

Due to health reasons, the owner is reluctantly parting with it.

The boat is perfectly maintained, but there is room to take control and make some improvements, such as electronics, setting up a control station on the deck, and more.

This boat has a charming allure and inspires adventurous journeys in complete safety.

New battery park - July 2023.

New dinghy and Yamaha engine.

New paint, and antifouling redone.
