More info on paintwork: 2023 inside and outside painted

VIOS is a partially converted inland freighter of the 'Spits' type, that can become you a comfortable floating house with a floor area of appr. 130m². At the moment she offers a large living room (40m²), a galley and dining area (30m²) and two small cabins. The forward part of the ship (60m²) still needs to be finished. She will be sold through auction soon but with a fully working propulsion system. The owner can also deliver the boat anywhere in Europe at additional cost. VIOS was fully painted inside and out last year and has a valid CVO (inland waterway certificate).
