More info on paintwork: International Micron Extra

The Hanse 540e combines modern layout and design with high sailing performance. The "e" in 540e indicates the epoxy-composite structure of the hull providing performance, sturdiness and long lasting construction. This particular yacht has received a lot of new equipment such as sails and B&G electronics. She is a fine specimen of nowadays sailing yacht and ready to go.

Visitation is very much recommended.
