Extra info: Unfinished project with high potential

The project, "Belle Fontaine", formerly known as "Black Shark of St. Peter" can be considered as a sistership of the legendary "Flyer II". Her current owner started with an extensive refit partially carried out at the Royal Huisman refit facilities in Zaandam. Large parts of the interior have been removed as also a part of the insulation. After a fresh coat of paint in 2023 the owner ran out of time due to obligations to other projects. Therefore she is now for sale. She comes with a lot of material stored ashore. Mast and rigging are available.
