Fuel tank (litre): stainless steel

Fuel tank 2 (litre): stainless steel

Freshwater tank (litre): 2x stainless steel

More info on paintwork: SIGMA 380 (2022) basic paint system

Extra info: stainless steel mooring dock cleats

This very large sailing yacht was designed by J.H. Helleman and further drawn by Gaastmeer. Resembles the well-known Dutch yachts Jongert, Nordia and Trewes. The hull was made by the first owner himself and then sold to two subsequent owners who would continue construction. Unfortunately, the previous and current owners no longer had time to complete the yacht. That is why this very strong hull, which was provided with excellent basic paint and a new engine in 2022, is now for sale again. The yacht is moored in the Netherlands/Limburg and can be viewed there by appointment.
