Beschreibung

This custom-built Willem de Vries Lentsch in steel yacht in RINA class has become a classic at sea, maintaining the original and charming classic yacht look. The layout is very well-balanced and made of high-end materials, with two salons and a very large galley midship. The accommodation area has plenty of space, and the bridge has a grand space with easy access to decks. The Portuguese bridge gives access to a forward sun deck with stair access to the forward main deck. A strong and voluminous yacht, well maintained and fully operative.
Now in Galicia, Spain.
