Comments :

SNBSM committee boat in St Malo for 6 years. Used from March to November for local regattas and as far away as Jersey and Guernsey. Ashore every winter. Mechanical maintenance by local boatyard (currently the Chantier Naval de la Plaisance). Recent invoices available showing well over 20,000€ - compressor, rev counters, alternator, injectors serviced, batteries, windlass The cosmetic condition of the boat is average and will benefit from attention. The price is very attractive.

We know this boat very well as we are very involved in the activities of the SNBSM.
