## Ausstattungen

## Beschreibung

This well-maintained GB 42 is in excellent condition and features several upgrades that distinguish it from others. The engines were initially overhauled in 2015, but they underwent a complete refit in 2024, making them essentially brand new. All seacocks were also replaced during this process. The vessel is in significantly better condition than most of its peers from the same era, as evidenced by the polished hull and superstructure, along with the well-maintained teak decks. While the exterior varnish needs updating, this is a minor issue considering the overall state of the vessel.
