Beschreibung

This elegant 84-foot Van de Stadt designed sloop ´Heidenskip´ easily achieves twelve knots of cruising speed. Thanks in part to her carbon rig and new sails. Remarkable features of this yacht are twin rudders and a hydraulic operated lift keel. The minimum draught of 2.00m enables this 84-footer to navigate shallow waters and enter otherwise inaccessible ports. This striking Van de Stadt 84 has only had one owner and been maintained by her skipper and remains in pristine condition. This is clearly illustrated by her spotless interior and exterior, the hull recently received a new coat of paint
