OWNER COMMENTS

I purchased entropy in 2014 from a fellow member of Kirkcudbright Sailing club. I knew the previous owner well. Entropy Throughout her life has been maintained to a very high standard and updated every year. She was copper coated in 2016 and new standing rigging in 2022 by Clyde Rigging.

I have sailed her with family and friends, extensively in northern England, Ireland, Northern Ireland and Scotland and she has proven herself to be a solid and safe reliable yacht for me, to sail singlehanded and is very comfortable and safe in all conditions.

Whilst I have chartered new larger yachts every year in the Mediterranean compared to Entropy they do not feel as solid and as safe as she does
