Mise à l'eau mars 2020 et donc peu utilisé à cause des confinements ... Depuis il a participé dans des régates autour de St Malo et Spi Ouest 2022. Soigneusement entretenu par un propriétaire qui voyage beaucoup, partout dans le monde pour son travail, et ne supporte pas retrouver un bateau qui n'est pas nickel et prêt à larguer les amarres. Super bien équipé, options symétrique et asymétriques, ballasts, voiles et électronique haut de gamme ... Ber avec conformateur spécial. TCC IRC 2022 de 1.030.

Carefully maintained by an owner who travels a lot, all over the world for his work, and can't stand finding a boat that is not in smart condition and ready to cast off. Super well equipped, symmetric and asymmetric options, ballasts, high end sails and electronics ... Cradle with hull shaped supports. 2022 IRC TCC of 1.030.
