Beschreibung

A very luxurious and solidly built yacht! Exceptionally stable, both while sailing and at anchor, thanks to Humphree zero stabilization. Designed for living aboard, she features solar panels, a 16 kW generator and a water maker which brings total independence together with large fuel tanks providing a long range. The yacht is spacious, with ample storage and a large lazarette. Visible luxury throughout with exquisite finishes and carefully selected materials, well-equipped kitchen makes long stays on board an absolute pleasure. Transport to The Netherlands can be arranged.
