Mosquito screens planned in 04.2025 /

Wi-Fi (Starlink) negotiable

## Description

This Catana 47 Carbon No. 29, a top-performing design by Christophe Barreau, combines outstanding sailing performance with structural rigidity, single-handed capability, and impressive onboard comfort. Originally ordered at the Paris Boat Show in 2012, the yacht was customized by her first and current owner. She was previously chartered through Dream Yacht Charter, then fully refitted, and has since been used exclusively for private purposes. A highly sought-after 2013 model, the Catana 47 Carbon is renowned for its rigidity and offshore performance, making it ideal for both bluewater cruising and competitive sailing. Built with a high-tech fiberglass-carbon composite, her core components offer exceptional stiffness and durability, ensuring safety and longevity. Registered under Austrian ownership, she is currently cruising with the owner through the Pacific Islands from Fiji to New Caledonia, where the catamaran will be available for handover in September 2025. She is well-maintained and in excellent condition. Prospective buyers are welcome to arrange test sailings along the journey. The Catana 47 Carbon No. 29 is awaiting her new owner and can be viewed and handed over by appointment.
