For sale in south west of Sweden!
 Doral 330 Elegante 2006 Volvo Penta D4-260 EVC

Price:
 86.000 EUR (VAT paid & statable - VAT invoice exists)

Description:

Are you looking for a sporty cruiser / targa in the premium class in the size of around 35 feet with twin modern Volvo Penta diesels and electronic controls in the price range of 80.000 - 90.000 EUR? Don't miss the opportunity to experience this fine Doral 330 Elegante 2006 with Volvo Penta D4-260 EVC diesels with low running hours that offers an unbeatable well-planned open cockpit optimized for socializing, a large deep bathing platform with plenty of room for a larger rib or a jet ski and wide side decks for safe and secure movement on deck.

This Canadian premium sport cruiser Doral 330 Elegante, a highly sought-after model on the international market, was sold new in England and imported to Sweden and Stockholm in 2008 where the boat was for several years before its current owner in south west of Sweden bought it in 2014.

In addition to the large deep cockpit with wet bar with refrigerator, icebox and sink with hot and cold water that offers unbeatable seating comfort for up to 11-12 people, of which 6 people can sit comfortably at the table (with the folding table folded out) and the large deep bathing platform that accommodates 2 sun loungers with a small cocktail table in between, the Doral 330 Elegante also offers a foredeck with a large comfortable sun cushion with raised headrest that is easily reached via steps in the cockpit (by the driver's seat) and the opening windshield.

The cabin in the boat, which thanks to the double opening top hatches in the foredeck has a large amount of light, is exclusively furnished with noble cherry wood interior. On the port side, right above the boat's reasonably large kitchen with plenty of storage, electric stove, microwave with grill and large refrigerator with freezer compartment, there is a dinette with a removable teak table for 3 people. Behind the dinette that also can be converted to a extra single bed (extra insert cushion exists), is the entrance to the boat's large closed midcabin with sink with hot and cold water, armchair, openable valve and plenty of storage where 2 adults and a child can sleep well without being crowded. In the open foredeck there is a large convertible U-shaped sofa group with dining table where 6-7 people can sit at the table. 2 adults sleep well here. After descending into the cabin via solid steps with grab rails, there is the boat's spacious toilet with vacuum flush toilet with fold-down bench seat and large shower area directly on the port side.

In terms of equipment, there is a newly restored cockpit canopy with new windows, newly restored mooring cover (for the whole cockpit), Wallas 4kW diesel heater with exhaust in the cockpit and in all cabins, bow thruster, electric anchor windlass with stainless anchor in the bow, electrically opening engine room hatch, double Raymarine GPS plotters with echo sounder/fishfinder and radar Raymarine and Bluetooth stereo Promarine with 4 speakers in the cockpit, etc.

This fine Doral 330 Elegante, which is in need of an external cosmetic refresh as the current foiling of the boat's hull sides is in poor condition, is displayed in a storage hall outside Landskrona and is sold with a guarantee that its powertrains and all significant systems are functional at the time of the boat's sale and delivery. Export and delivery of the boat within and outside Europe are offered.

Maintenance:

The boat is always stored indoors during the winter with engines and water systems winter-preserved. Latest engine & drive service spring 2023 (change of engine & drive oil & all filters). Latest polishing & bottom painting of the boat incl. new external zinc spring 2023. Renovation of starboard engine winter half of 2021-2022 with installation of new Volvo Penta D4 longblock incl. review & cleaning of turbo & compressor & renovation of injectors & radiator. New engine gaskets, O-rings, impellers, drive belts, metal belt tensioner and new engine oil & coolant incl. new oil & fuel filter. New drive (Volvo Penta DPH) for port engine incl. new drive bellows for both drives 2021.

Known defects:

Foiling of hull sides in poor condition - should be removed & changed to new or alternatively the blue hull sides should be polished & waxed. Uncertain function of fuel gauge for starboard engine.

Specification:

Year: 2006

Country of origin: Canada

CE-class: B / Maximum 11 persons

Sold new in: England

Location: Landskrona (Malmo region/southwest of Sweden)

Earlier owners: 2
