Opis

VERY IMRESSIVE FAIRLINE PHANTOM 43 VOLVO PENTA TAMD 74P 2002 FOR SALE IN SWEDEN!

Description:
Are you looking for a modern premium flybridge in size around 45 feet with shaft drive in the price range 200.000 - 250.000 EUR? Don't miss this very well maintained and very well equipped and upgraded Fairline Phantom 43 which is in an very good condition and has been upgraded with new original teak on all the decks in 2023, with new

upholstery and new foam in the cockpit and on the flybridge 2022-2023, with new extended aft canopy with bimini top and new bimini top and protective covers for the helmstation and all seats incl. table on the flybridge in 2022.

The boat, which was sold new in England and imported to Sweden in 2008 and has mostly been used in fresh water, has the very reliable low-speed Volvo Penta TAMD 74-P engines with shaft drive in impressive condition that are annually serviced and maintained and even updated to TAMD 74 EDC P-A (by new software in the EDC boxes) in 2023.

Distinguishing features of this sought-after English premium flybridge from Fairline are its large deep bathing platform, the bright spacious saloon with its L-shaped settee that can be folded down to an extra double bed, the large well-placed galley, 2 bathrooms with separate shower cubicles and a well-planned flybridge with big U- sofa that can be folded down into a large sunbed, wet-bar with hot & cold water, electric grill and refrigerator and triple captain´s seats.

What makes this Fairline Phantom 43 extra attractive is it´s very good cosmetical condition and high finish and it´s very impressive list of expensive sought after extra equipment that the boat is upgraded with during the last 5 years. Don´t miss to review the equipment list and also all the expensive maintenance and restorings that has been done on the boat!

This very roomy and beautiful 44 feet timeless Fairline flybridge that is shown in the water west of Stockholm will be sold with new engine service before delivery and guarantee that the engines/drift and all significant systems are functional at the time of the boat's sale and delivery.
