## Ausstattungen

## Beschreibung

The Beneteau Oceanis 411 is renowned for its comfort and seaworthiness, and this model takes it to the next level. This quiet Oceanis is equipped with a powerful 20 kW electric motor, outperforming the original 56 HP Yanmar diesel engine. Enjoy whisper-quiet cruising, no engine maintenance, no diesel fumes, and constant 230V power on board. Thanks to regeneration while sailing and solar panels, you can cruise carefree on both short trips and long passages. The yacht was converted to electric propulsion in late 2024 and fitted with a powerful bow thruster in early 2025.
