Udstyr

Beskrivelse

Are you looking for a larger, sporty and muscular cruiser in the absolute premium class in the size 45-50 feet with a hydraulically retractable bathing platform, 2 large cabins, a fold-down saloon and a large open cockpit optimal for enjoyment and socializing and have a budget of around 230.000 EUR? Don't miss out on experiencing this very lavish, well-maintained Sunseeker Portofino 46 with the powerful, durable Volvo Penta TAMD 75P engines with electronic throttle control that has been restored and upgraded for 200.000 EUR since 2015!

The condition of this very eye-catching luxurious floating summer house that has been in Stockholm for 12 years and then in the Gothenburg region since 2024 is impressive. The finish on the hull and superstructure is high and the large, very inviting cockpit with its beautiful teak deck, its newer exclusive upholstery and its upgraded driver's seat feels extremely pleasant!

This Sunseeker Portofino 46 offers, among other things, a large hydraulically retractable bathing platform, a recessed

hydraulic gangway for comfortable boarding and disembarking, a fantastic cockpit with sunbed with a large storage room for a grill etc. under the sunbed in the stern, a large comfortable seating area with a large recessed exclusive teak dining table for 7 people, a wet bar with hot & cold water, gas stove, refrigerator and storage cupboard and a passenger sofa as well as a simple captain's chair in the front cockpit/wheelhouse. The boat's side decks are wide for safe movement on deck, the large foredeck has a large comfortable sun cushion with headrest and cup holder and the bow has an open pulpit with a teak step.

A substantial staircase leads down to the boat's lower deck with a large bright salon with bright exclusive wooden interior. The U-shaped sofa in the salon can be converted into an extra double bed for your guests who want to sleep over. Across the U-shaped sofa is a wall-mounted TV and a large, cozy kitchen with plenty of storage space, a bar counter, a bar cabinet and plenty of cabinet storage. From the kitchen there is an entrance to the boat's large, bright midcabin with single beds with extra mattress pads, a large wardrobe and an en suite bathroom with a vacuum flush toilet and shower.

In the forepeak is the boat's large, inviting Master cabin with a large double bed with extra mattress pad and recessed LED decorative lighting, wardrobes, drawers and cabinet storage, a wall-mounted TV and a large en suite bathroom with a separate shower cabin and a vacuum flush toilet. Regarding the climate on board, there is air conditioning (cooling & heating) with exhaust in the salon and in the cabins and diesel heaters with exhaust in all rooms including the bathroom and in the cockpit.

In terms of equipment, the boat is fully equipped with new powerful variable/stepless bow and stern thrusters incl. new larger bow thruster tunnels, new 9kW generator, electric windlasses both in the bow and stern, Dockmate yacht controller connected to engines and bow thrusters so you can remotely control the boat no matter where you are on board, new complete navigation electronics from Garmin which includes new GPS plotters (12" + 7"), new radar, new autopilot, new multi-instruments, NMEA 2000 network and yacht device from engines for complete digital engine data. Water-maker (not working today), new refrigerators, new powerful battery bank with 12x220Ah AGM batteries, new battery chargers etc. Study the boat's equipment list below!

The boat, which has no damage & defects beyond minimal wear, can be viewed indoors in a heated hall at Tjörn (north of Gothenburg) and is sold with a guarantee that its powertrains and all significant systems* are functional at the time of the boat's sale and delivery. Export and delivery of the boat within and outside Europe is offered.

Maintenance:

The boat is annually maintained & serviced & winter stored indoors in a warm hall with glycol in the engine cooling system during the winter half of the year.
