Beschreibung:

This beautifully maintained Nautitech 542, built in 2017, is a rare opportunity on the market. Purchased new by her sole owner with the dream of sailing around the world, she fulfilled that mission between 2019 and 2023, crossing both the Atlantic and the Pacific. Throughout her journey, the yacht was privately owned, never chartered, and consistently maintained to a high standard. Designed for long-distance cruising, this Nautitech 542 is fully equipped for bluewater sailing. Her systems are ocean-ready: solar panels, lithium batteries, a watermaker and robust electronics ensure autonomy and reliability on extended voyages. The yacht's 4-cabin layout offers exceptional comfort for owners and guests alike, while the spacious salon and navigation station provide a practical and elegant living space. With her performance-oriented hull design, dual helms, and thoughtful weight distribution, she offers excellent sailing characteristics — responsive, fast, and stable, even in challenging offshore conditions. Built to CE Category A (Ocean) standards, she is certified for unlimited offshore cruising and ready to sail again immediately.
