Beschreibung:  
This exquisite first-generation Bohème 50, designed by OUTREMER Gérard Danson in collaboration with David Réard, marketed as KIT is a true example of innovative multihull design. Constructed in a wood-epoxy-glass composite, she is elegant, stiff, and remarkably light at just 10 tons. With 4 double cabins, a fully equipped galley, watermaker, solar panels, and an 8 kW generator, she offers true comfort and autonomy for long-distance cruising. The spacious, cozy interior and excellent habitability make her perfect for extended stays aboard. Built by the Catamad team in Marseille, this hull embodies the meticulous engineering of the first owner combined with the craftsmanship of a highly motivated and talented crew, who had already completed two Bohème 43s. The current owners have undertaken a comprehensive refit, resulting in a multihull with distinctive character, immaculate presentation, and modern appeal — a yacht ready to impress both at boat shows and on the open sea. Now lying in Brittany, this exceptional Bohème 50 is available for viewings and ready to set sail with her new owner with cat sale.
