USB player

Beschreibung:

The AVENTURA 34 is the successor to the successful AVENTURA 33, built between 2010 and 2017. In April 2018, she was unveiled as an impressive LASTA design at the International Multihull Show in La Grand Motte. Since then, over thirty 34-foot catamarans have been delivered. With solid construction and an ergonomic 10-meter layout, she stands out as a capable, comfortable cruiser. In October 2018, she impressed European yachting journalists with her lively performance and bright, well-designed interior, earning a nomination for European Yacht of the Year 2019. This Aventura 34 has proven exceptionally reliable and comfortable. The owner has mainly used her as a summer home, resulting in very few engine hours. The spacious layout and high comfort make her ideal for relaxed days on board. After transitioning from monohulls like the Bavaria 50, the owner appreciated the larger living space and peaceful sailing experience. Always kept in the marina, the catamaran has been professionally maintained annually. All maintenance invoices are available, and the hull is cleaned and antifouling is applied every two years. In excellent condition, this Aventura 34 is ready for her next adventure, perfect for both leisurely days and longer trips.
