

MC Marsaudon TS42 Semicustom, Bi-Energy

MC, Vela, Yacht di seconda mano, FR Süd-Frankreich Mittelmeer

€ 749.000,-

Tassazione UE, IVA inclusa

Dettagli

Anno di costruzione: 2016

Varo: 0

Lunghezza: 13,86 m

Larghezza: 7,42 m m

Pescaggio: 1.6 m

Bordo libero: 2.00

Peso: 5500 kg

Materiale Scafo: GRP

Tipo motore: Ocean Volt Electric Engine

Numero di motori: 2

Tipo di carburante: Elettrico

CV/kW: 20 / 15

Cabine: 3

Cuccette a castello: 7

Area WC/Locale igienico-sanitario: 4

Governo dell'imbarcazione: Barra

Trailer: without Trailer

Attrezzatura

Cambusa

Forno, Riasciacquatura

Tecnica

Ancora, Caricabatteria, Verricello dell'ancora di prua, Generatore, Collegamento alla terraferma 230 V, Impianto solare per caricare le batterie, Inverter, Battery

Navigazione

Pilota automatico, Ecoscandaglio, GPS, Bussola, Radar, Sumlog, Radio VHF, Anemometro

Sicurezza

Estintore, Luci per la navigazione, Zattera di salvataggio, EPIRB

Accessori

Centrale di miscelazione per acqua marina, Scaletta per immersione, Tavola del pozzetto, Davits, Doccia sul ponte, Impianto di pressione idraulica, Radio, Vernice sottomarina

Descrizione

The Christophe Barreau TS42-E design offers exceptional performance and seaworthiness. Built by MARSAUDON COMPOSITES, this N°5 features two 15 kW OCEANVOLT electric drives with gen-set backup. Proven on two Atlantic crossings, it is designed for both performance and comfort. The offset helm stations provide good visibility and

easy sail tuning. The rig is set back for efficiency, with no spreaders, lower shrouds, and a short, stiff staysail luff. A self-tacking forward sail surface and full 360° sea view, both inside and outside, enhance sailing ease. The open cockpit-salon space is perfect for living aboard, with large bathrooms in each hull and light-filled aft cabins. Textile doors, fins, and performance upgrades make this boat highly competitive. The current German owner has decided to sell, as he only uses her for three weeks of cruising per year. He is open to negotiating blue-water equipment for racing or global cruising. This semicustom catamaran is a true one-off, with modifications such as two electric motors, high-performance cruising sails, an NKE regatta navigation system, a carbon mast, and textile rigging, elevating its performance to the level of the best catamarans like the Outremer 4X.
