Beschreibung

The Luxe Motor 22 (Dutch Traveller 22 metres) ‘GE-JO’, built in 2004, was designed by Van Der Meijden Maritiem; the hull was constructed at the SC ‘Santierul Naval Orsova’ SA shipyard. The finishing work on the Luxe Motor took place entirely in the Netherlands, with construction completed at the end of 2008. The Luxe Motor has been built to a very high technical standard, both in terms of steel thickness and the engine room and all the marine equipment installed. ‘GE-JO’ is heavily insulated and fitted with double glazing, Kabola central heating, 3x electric kick-space heaters and a wood-stove
