Opis

DIVA is an extremely robust motor yacht, which was delivered in 1995 by the German PR Marine Werft. In recent years, it has been continuously cared for, maintained and modernized by a caring German owner.

DIVA offers generous accommodation for up to 8 guests in a full owner's cabin, a VIP cabin and another guest cabin for 4 people. A separate crew area for up to 3 people is located in the rear area of the lower deck.

DIVA is ideal as a family yacht with low maintenance costs and plenty of space on board.

The yacht has only 2,000 operating hours on the main engines and has a range of well over 500 nautical miles at low cruising speed.

With a total length of 24.9 meters, DIVA is officially registered with 21.9 meters, which brings significant advantages in registration and handling. For easy maneuvering, it is equipped with both a bow thruster and a stern rudder.

In addition to its large fuel and water tanks, it also has separate black and grey water tanks.

If you want, I can also make you a high-sales exposé text in German.

Specification

Year of construction: 1995

Shipyard: PR Marine / Germany

Refit: 2016

Length overall: 24,85 m / 82 ft

Width: 5.90 m / 20 ft
