Autopilot, Echo sounder, GPS, Plotter, Compass, Sumlog, VHF radio, Wind instruments

Safety

Fire extinguisher, navigation lights, Life raft

Awnings & covers

Bimini top

Accessories

Swimming ladder, CD player, Cockpit table, Davits, Deck shower, Pressure washer, Radio, Anti-fouling, Washing machine, Washing machine / dryer

Description

The Bali 4.3 was launched shortly after the 4.5. - The Bali 4.3 Design delivers the maximum useable living space per square metre with a superb forward cockpit lounge, flybridge, open aft cockpit/salon, large cabins with island berths, US-style fridge. The main deck layout is most innovative with a huge "garage door" swinging up to the roof of the cabin either electrically or manually which gives you a huge open space for entertaining. Comfort equipment with full sized fridge and freezer, dining area, lounge area, navigation-station and large galley. If the weather turns, or you feel like more privacy, just swing the big door down and you have a fully enclosed salon. The foredeck is solid and offers even more lounging space in a forward cockpit, that you normally expect to see on 50'+ catamarans. Plenty of working space for light wind sails and exceptional deck-rigidity in a very stiff structure, with plenty of buoyancy forward. The forward part of the salon is all windows: the big central window opens right up so you can pass cool drinks out to anyone lounging in the forward cockpit area. The perfect cruising design for either charter- or private use. Available for your viewing and to be handed over. For more information, just send us a message. info@cat-sale.de
