Description:

Maintenance & Service

The boat was continuously maintained and regularly serviced.

Up to and including winter 2022/2023, the yacht was always stored in a hall in winter.

Since winter 2023/2024, winter storage takes place outdoors under shrink film. The boat is completely winterized. The Z-drives are dismantled and stored indoors during the winter.

Performed work and maintenance:

New external zinc anodes spring 2026

Last underwater paint spring 2025

Last polishing and sealing of hull and deck spring 2025

A new polishing and sealing of the hull and deck is carried out before handover

Last engine service December 2025

Engine oil renewed

Transmission oil renewed

All filters renewed

Impeller renewed

Cockpit hood summer 2026 checked and refurbished

Timing belt of the engines renewed in July 2023

Drive belt renewed in July 2023

Belt tensioner renewed July 2023

Pressure testing of the transmissions as part of the engine and transmission service July 2023

Sensor of the faecal tank renewed in 2023

Teakwood 2023 treated
