Beschreibung

The Aquanaut European Voyager 1300 'WAL' brings together the comfort of a true cruising yacht and the confidence of a thoughtfully designed vessel. Her powerful Vetus-Deutz six-cylinder diesel, hydraulic bow and stern thrusters, and Raymarine navigation systems make every journey a pleasure. Inside, double glazing, Kabola central heating and a refined finish create a welcoming atmosphere throughout the seasons. With generous tank capacities, a practical layout and inviting outdoor spaces, she is a yacht designed not merely to reach new destinations, but to enjoy every mile along the way.
