2 cabins - 4 berths - 1 bathroom/shower -

1x Yanmar 4 LHSTE (1 x 230 HP) - approx. 1550 operating hours

Turbocharger 2025 replaced with a new one!

We took a thorough look at this Nimbus 310 'Coupe' last weekend and give this Nimbus the rating 'particularly valuable'

The owner of this Nimbus, a trained metalworker, has put his own hands to work on it with a professionalism, intensity and love for his Nimbus that is rarely seen!

Features and renovations summarised in brief:

Hull painted blue, GRP bracket replaced with a folding VA top mast,

two 12V/230V photovoltaic systems with distribution box,

bow and stern thrusters, shore connection with 60 amp automatic charger, 1200 watt inverter,

GPS plotter, autopilot, laptop mount!

SAT antenna for TV in owner's cabin, DVBT antenna for TV in saloon, radio/CD with USB,

6 individually switchable speakers, LED lighting throughout the boat, electrically remote-controlled searchlight, hot air heating, 2-burner hob with oven, gas inspection 09/25,

2 refrigerators (one in the saloon and one in the owner's cabin), electric marine WC with waste tank, new convertible top completely closed in 2025, window cover in 2025, winter cover, electric windlass with stainless steel anchor and 30 m VA chain.

New upholstery in the cockpit and saloon, including driver's seat, additional bench seat in the cockpit on the starboard side,

foldable with a high-quality teak cockpit table that can be swivelled to seat and feed 6 people at the table, new antifouling every year (last in 2024),

last engine inspection April 2025, valves adjusted, injection nozzles pressure tested, shaft bearings replaced, all tanks cleaned, and much more!

We recommend a viewing and, if necessary, a test drive
by 15 October at the latest,
after which it will be stored on land on the owner's property under a comfortable tent,
specially designed for the Nimbus!
